

## **Meesho SDE Trainee Interview Preparation Guide - April 2025**

To help you prepare for your upcoming rounds, here's an overview of the interview structure and key areas of focus.

### **Interview Instructions:**

 Interview Mode: Virtual interview on Google Meet.

 Elimination Rounds: All rounds are elimination stages.

 Device: Kindly use a computer or laptop for the interview.

 Video: Keep your video on throughout the interview and be prepared to share your entire screen.

 Phone: Set your phone to "Do Not Disturb" mode to avoid interruptions.

 Preparation: Keep a water bottle nearby for convenience.

 Job Description: Make sure to review the [Job Description](#) carefully before the interview.

Given below are the Interview rounds as the next part of the process. Please note that these interview rounds are progressive (Only if you clear round 1, you move to round 2 as so on). Also kindly note all the interview rounds are scheduled to be completed on the same day.

Round Name	Duration	Competency Assessed	Interview Mode
Round 1 - Problem Solving	30 Minutes	<ul style="list-style-type: none"><li>• Data Structure and Algorithm</li><li>• Problem Solving Skills</li><li>• Code and Memory Complexity</li></ul>	Virtual (Google Meet)
